### ADDRESSING PARTICIPATION OF AMICI CURIAE

---

As discussed during the telephone conference held this date, each party is permitted to have three amicus curiae briefs filed in support of its position. Further, each party will be allowed 90 minutes for oral argument, such time to be shared at counsel's choosing with the attorneys for the amici curiae.

Consistent with the above, the motions of the California State Water Resources Control Board and the Natural Resources Defense Council, filed on April 19, 2010, for leave to file amicus curiae memoranda in support of the United States are hereby GRANTED.
