Practice Management Tips for Oregon Lawyers

Back to Law School with iTunes (Sorta)

Sometimes it's just fun to browse the [iTunes store](#) for new apps and podcasts – you never know what you'll find. And right now (I mean now!) [Apple](#) has launched a [\\$10,000 iTunes gift card giveaway](#). Download the 10 billionth app (free or paid) and you're a winner! In the interest of full disclosure, [Apple](#) also offers the opportunity to enter the contest without downloading an app. But hey, I don't need any more incentive, so it's off to the store!

And what do I find in the iTunes University? Legal Frontiers in Digital Media from Stanford University. Absolutely free, with tons of great content. Click on this screenshot and check it out:
