Big Rig Accident Book Added to Hardison & Cochran Legal Library

Hardison & Cochran Managing Partner, **Ben Cochran**, and Associate Attorney, **William Owens**, have co-authored a new book, 7 Big Mistakes To Avoid After A Big Rig Trucking Accident. The book is the 7th in a growing library of legal guides which are offered free of charge to North Carolina residents.

The guide goes through seven of the biggest mistakes which Cochran and Owens have seen in big rig trucking accidents. It also shows how these accidents are different than automobile accidents in respects to the federal laws which govern the trucking industry. **Highlights from the guide include:**

- How to handle doctor visits after the accident
- How to document this accident
- What to do when the Insurance Company wants you to sign documents
- When to seek the services of an attorney
- Hidden Secrets Insurance Companies don't want you to know about your injury claim

If you're a North Carolina resident and want to request your free copy of this new legal guide, please [click here](#) or call **1-800-600-7969**.
