- 3. What do you call 10,000 Lawyers in the ocean?

A good start.

- 2. A Doctor, an Engineer and a Lawyer were discussing who represented the oldest of their three professions. The doctor said, "On the from Adam and made Eve, making him the first surgeon. So medicine is the oldest profession." The Engineer said, "Before that, God earth from chaos and confusion, making Him the first Engineer. So engineering is older than medicine." The Lawyer spoke up, "True created all of the chaos and confusion?"
- 1. A man in Arizona calls his adult son in New York a few days before Christmas and says, "I hate to ruin your day, but I have to tel and I are divorcing. Forty-five years of misery is enough." "What are you talking about?," the son asks. "We can't stand the sight of the father says. "We're sick of each other, and I'm tired of talking about this, so you call your sister in Chicago and tell her." Frantic, who becomes very upset on the phone. "They are not getting divorced," she shouts, "I'll take care of this!" She calls home to Arizona ir at her father, "You are NOT getting divorced. Don't do a single thing until I get there. I'm calling my brother back, and we'll both be then, don't do a thing, DO YOU HEAR ME?" and hangs up. The old man hangs up his phone and turns to his wife. "Okay" he says, "th Christmas and they're paying their own way."
