Wow! I had no idea that so many people read and appreciate [Construction Law Musings!](#)

[Lexis Nexis](#) just notified me that Musings has been nominated to their Top 50 Environmental Law & Climate Change Blogs for 2011. I truly appreciate the support. Among those in the Green Building category are of course [Green Building Law Update](#) (@chrischeatham), [Green Real Estate Law Journal](#) (@stephenDP) and [Green Building Law Blog](#) (@sharishapiro). I am thrilled to be in such company. To put in your 2 cents worth on who should make the final list go to the [voting page](#), register and comment. If you like Musings, please give it a shout out.

Thanks also to all of the [Guest Post Friday](#) contributors. Your contributions were states as one of the reasons for Musings' nomination. Without you folks, this could not have happened.

Please check out my [Construction Law Musings Blog](#) for more on Virginia construction law and other topics.
