

## CHAPTER 11 DOCKETS

Chapter 11 bankruptcy case dockets offer a wealth of information for the informed researcher. One of the key sources of information about the on-going operations of a bankrupt company and the progress of the company's bankruptcy case is the monthly operating report which is required to be filed. Every business debtor is required to file this report on a monthly basis by the Office of the United States Trustee and the report will contain detailed financial and operational information. This includes information such as a monthly income statement; a current balance sheet; statement of cash receipts and disbursements; statement of aged receivables; statement of aged payables; statement of operations, taxes, insurance and personnel.

Included below is a list of all such reports (including post-confirmation reports) filed last week (July 21-27, 2013) in large corporate chapter 11 cases nationwide. Normally, such a report would take hours to put together. We, however, used our flagship bankruptcy research product - [Chapter11Dockets.com](http://Chapter11Dockets.com) - and were able to put the list together in less than 60 seconds.

Want to be able to do this kind of research quickly, efficiently and cost-effectively as well? Click the link below to learn more and sign up for a free trial account.

Chapter 11 Dockets is the most efficient, effective way to research bankruptcy cases and identify precedent. Because it was designed by experienced restructuring professionals and is chapter 11 specific in focus, Chapter 11 Dockets is optimized for the unique needs of bankruptcy practitioners.
