

# Washington Hospital Center Makes House Calls to Area Residents in Need

By *[Catherine Bertram](#)* - 7/17/2010

Washington Hospital Center has a program called "[Medical House Calls](#)". The program provides primary care services by a team of dedicated physicians, nurse practitioners, social workers and others. These health care teams make house calls to the homes of elderly residents to provide the ongoing care and preventive care they need in the comfort and privacy of their own homes.

## ***Patient Enrollment Criteria***

To qualify for the Medical House Call program, patients must:

Live in one of these D.C. zip codes: 20001, 20002, 20009, 20010, 20011, 20012, 20017, or 20018

Be 60 years or older and have difficulty getting to the doctor's office Have Medicare, Medicaid or some other non-HMO health insurance Patients may find out more information about how to enroll by calling 202-877-0576.
